**RESOLUTION T-17029. Request for Reinstatement of Certificate of  
Public Convenience and Necessity Held by Advanced Data  
Communications, LLC (U-6193-C)**

---

**Summary**

This Executive Director Resolution reinstates the Certificate of Public Convenience and necessity held by Advanced Data Communications, LLC. It was revoked after the Company's contact address was changed without its authorization.

**Background**

Advanced Data Communications, LLC, (Company) was originally certificated as a Competitive Local Reseller in D.99-07-037.

The Company's certificate was revoked in Resolution T-16892 on November 19, 2004, for failure to comply with Commission reporting requirements. Subsequent to that date, the company reported that its contact address with the Commission had been changed by a former consultant without the company's consent. The Company failed to receive warnings from the Telecommunications Division that its license would be revoked for non-compliance. The Company has since corrected its contact address with the Commission and corrected all reporting deficiencies.

**Discussion**

Telecommunications Division recommends that the certificate be reinstated.

This is an uncontested matter in which the resolution grants the relief requested. Accordingly, pursuant to PU Code Section 311 (g)(2), the 30-day period for public review and comment is being waived.
